

seeking a way to prevent unsolicited and unwelcome fax messages. Many of these are sent after midnight, sometimes at 3 a.m. (EDT) or later. One recent night I received 3 fax messages from different senders, sent at various intervals (e.g., half-hour to one hour apart. Consequently, a sleepless night. I receive voice and fax on the same line and one phone device is in my bedroom. I have requested to have my number removed from the call lists of some companies. Despite this, I get repeat calls, or so it seems, perhaps under the trade name of an affiliate firm. IF YOU WOULD LIKE ME TO SEND COPIES OF MESSAGES RECEIVED PLEASE TELL ME TO WHAT OFFICES THESE SHOULD BE MAILED OR FAXED. Thanks for any preventive measures you might take to prevent such faxes.--Simpson Lawson
